

FARM POLICIES

- Spring Creek Growers does not guarantee tree availability regarding type or size of trees. The farm is on a first come, first serve basis.
- Spring Creek Growers reserves the right to limit cutting of specific sizes and types of trees to ensure future availability.
- Spring Creek Growers does not guarantee length of selling season. We open Saturday prior to Thanksgiving. Please call or check the website for specific operating hours.
- All pre-cut trees are individually priced. All choose and cut trees (in the field) are priced by type and height. Price guide is provided at greeting station.
- For your safety, please observe all posted signs regarding farm animal viewing, hayrides, activities and fire pit.
- Spring Creek Growers is a non-smoking facility.
- Dogs are allowed on the farm but must be kept on a leash at all times. Waste removal bags are available free of charge at the greeting station.
- Tree tie-on is offered as a courtesy. It is the driver's responsibility to secure the tree to the vehicle.
- If you are only coming to the farm to take photos, fees and guidelines apply. All professional/amateur photography must be booked in advance on our website.
- Refund policy—all tree sales are final.
- The farm is open, admission-free to all Christmas tree customers wishing to make a purchase. Group outings, photo sessions and play time cannot be accommodated during retail hours. Group nighttime hayrides are available and must be booked in advance.
- The last hayride to the fields departs at 5:15 p.m. This ensures you have time to select your tree and process it before dark. Our pre-cut barn and gift shop are open until 6:00 p.m.
